Click on the "Our Videos" link button on the right side of the home page, you will find links to several videos that explain more about the service. Your will preparation is provided as part of your membership, along with many other benefits.

I'm confident the videos will explain better than I can. What I can do better is give you real life examples from my experience and a few friends who are members. It's those stories too that sell the value. I would be happy to share a couple (including my own) anytime convenient for you. I promise no long or high pressure sales pitch ©. It's not what I do.

I tell people in a nutshell it's like having Legal Insurance. Nice to have on your side always, however unlike traditional insurance this is a service we encourage you to USE! Ask for advice, know your rights in many situations, let an attorney review a document before you sign, etc, etc.

If you choose to sign up, I do encourage new customers to stick with the membership for at least 12 months. This gives your family a chance to find circumstances where it's useful. Too many of us have a mindset that we cannot afford legal advice on trivial issues (much less larger ones!) so we

never consider asking. It takes a while to change that attitude and remember I CAN ASK! That's what membership is about.

So that's my 60 second pitch. I'm happy to tell you more. Find my contact information on my Legal Shield page and call me. If you choose to become a member, I'll be happy to walk you through the sign up process too.

If you can't wait, you can just simply sign up online and I'll be in touch ③. As an independent representative I want to help you to get the most from this service.
